

BT MeetMe[®] and BT MeetMe[®] Global Access

With less travel and faster decision making audio conferencing can offer businesses a way to respond to day-to-day challenges, quickly and effectively, ultimately helping to increase productivity and gain competitive advantage. BT MeetMe is a great way to bring members of the sales, finance, human resources and IT, or any other 'virtual' team together, instantly. With service availability via BT MeetMe Global Access, participants from the UK and over 55 other countries can meet anytime for the cost of a local call.

BT MeetMe Overview

Arranging meetings can sometimes be frustrating. Imagine, you're a Manager with a team of 15 people, who are based in different parts of the country and one is overseas. There's an important new business initiative that you need to communicate to them immediately – how do you get them all together quickly and easily? Simple – use BT MeetMe audio conferencing.

BT MeetMe is an instant conferencing service that requires only access to a phone to enable highly productive meetings with up to 40 participants. No prior booking is required and conferences can be established in the time participants take to call in. The service is easy to use, and it's available at any time every day of the year.

BT MeetMe enables you to interact with colleagues, customers, suppliers and partners in your own personal meeting room. If you have customers or colleagues abroad, you can use the BT MeetMe Global Access service. This enables participants from the UK and over 55 other countries to join a conference call with a local dial-in number, saving them the cost of an international call.

BT MeetMe does not replace all traditional face-to-face meetings but complements them by bringing participants together without anyone having to leave their office. So whatever your role, less time is spent travelling, enabling faster and more responsive decision – making.

BT MeetMe benefits

With BT MeetMe you enjoy:

Increased productivity

Less travel and faster decision – making means increased productivity. With service availability via BT MeetMe Global Access, participants from the UK and over 55 other countries can meet instantaneously, for the cost of a local call.

Competitive advantage

You can respond more quickly and effectively. Sharing information is made easier and informed decisions can be made regardless of the location of key individuals. It can also help you reach and work with customers and suppliers wherever they are, widening your customer base and tapping into new markets.

Ease of use

There's no need to book. All you need is a phone, landline or mobile. You don't need to be in an office. BT MeetMe can be accessed with a local dial-in number from any UK location or over 55 countries where BT MeetMe Global Access is available. The Chairperson and participants use the same dial-in numbers and Passcodes for every conference call*.

BT MeetMe features

Help and support

- Co-ordinator help can be requested at any time.

BT MeetMe Global Access

BT MeetMe Global Access allows people from over 55 countries to join a BT MeetMe conference by dialling a local phone number.

No prior booking is required and the service is available at any time, every day of the year. And because participants overseas dial in using a local number, BT MeetMe Global Access reduces their cost of joining the conference.

Using BT MeetMe Global Access

Simply register for a BT MeetMe Global Access account, online or by calling our sales team.

Once set up, you can supply participants with the local number for the country they are calling from. By using this they incur only local call charges.

Please visit our website for a list countries where BT MeetMe Global Access is available:
